2014 Back of Bill Free Shade Tree Coupons From Riverside Public Utilities Expire June 30

Riverside, Calif. – Riverside Public Utilities (RPU) customers only have until Monday, June 30 to redeem their 2014 Free Shade Tree Coupons on the backs of their March utility bills.

Coupons can only be redeemed at one of the following participating nurseries: Louie's Nursery, 16310 Porter Avenue; Parkview Nursery, 4377 Chicago Avenue; or Parkview Nursery, 3841 Jackson Street.

Coupons allow customers to receive one free qualifying shade tree (up to \$25 in value) to plant near their homes or businesses which will help to shade buildings and assist with offsetting summer cooling costs.

Now in its 13th year, the popular program has provided more than 135,000 free shade trees to RPU customers that have helped to beautify the community and provide energy savings.

While the free coupon program is expiring for this year, RPU electric customers can still participate in the utility's Tree Power rebate program all year round and receive up to \$25 per tree back on up to five additional shade trees (up to \$125). Some restrictions apply. For complete details visit GreenRiverside.com or contact the city's call center at 826-5311.

Established in 1895, Riverside Public Utilities is a consumer-owned water and electric utility governed by a board of nine community volunteers that provides high quality, reliable services to over 107,500 metered electric customers and up to 64,500 metered water customers throughout the City of Riverside. The Utility is committed to increased use of renewable energy resources and sustainable living practices that help reduce environmental impacts within the City of Riverside and the state of California.
